AUG 1985 Issue 8

DX INFORMATION EXCHANGE 147.18 Ø13ØZ WEDNESDAYS

### THE BAR-B-Q

on Aug 3rd was a very filling experience in more ways than one. Upon arrival, my first thought was to leave and head for the first McDonalds I could find when I noticed our President and V-President doing the cooking. I gave it a try since there were many qualified cooks (XYLs) in the area, hoping if the boys needed help they would at least have the nerve to ask.

Murphy's Law is in motion again and I still don't have the photos processed for print as yet. Later....

The only disorder at the Dixon's QTH was Roger. He seemed to be in the way every time someone tried to approach the table. In fact he sat just 7 feet from it.

Each of us want to thank Gary & Carol for a lovely evening and kudos to the ample help from everyone.

### FALL ELECTIONS

It is the duty of each member to voice his/her opinion concerning who is placed on the ballot this and every year. Don't sit back and say Let George Do It, George may not or George may not have the right idea about where the CDXA should go in the future.

At the next dinner/meeting which is 12 Oct, you will be given a blank ballot on which to make your choice. This info should be mailed to the Secretary before 7 Dec. (address on back page) If you would like to help, let him know when you write.

You will vote for:

President	Vice-President
Sect/Trea	Net Manager
Bulletin Editor	

Your choice may be given to Gary on the net if you care to. Otherwise, buy a stamp, its still 22¢, and tell him what you want.

### FALL MEETING

This gala evening has been moved a bit and will take place on 12 OCT due to a delay on obtaining the latest Clipperton DXpedition slides. There is over one hour of slides and they must be thinned back to one hour or less and an audio tape must be made to explain each one. As of 20 Aug none of this has been started. It is the purpose of UR CDXA to have the best evening that can be obtained.

### SINGLE OPERATOR AWARD-CQ WW

Beginning this year, CDXA will present four (4) awards for the top score in two categories: A) Full Power and B) Barefoot.

Full power is any power beyond operating barefoot.

Barefoot is any power operating with a Xcvr without the aid of an amplifier connected.

No other restrictions apply, except you must be a member of CDXA in good standing.

Awards-

CQ WW SSB	:Full Power
Oct 26-27	:Barefoot
CQ WW CW	:Full Power
Nov 23-24	:Barefoot

All awards will be designed by a local art group and will be presented to the winners in a beautiful frame. You got it, already framed. All you need to do is stay awake for 48 hours, check for dupes and send a copy to KD4RH.

The first quarter meeting will have a time set aside to present the awards.

Just received word that A22ME will be our guest at the December meeting.

### QSL AND DX INFORMATION

The upcoming Raoul Island operation by Chris Hannigan will start mid Sept. He will use ZL80Y first, then ZM80Y starting 1 Oct til 31 Dec then back to ZL80Y. QSL via his XYL, Kaye Hannigan, The Terrace, Warrington, Otago, NZ. INDEXA has given some support to Chris and should be heard very well with a pair of 4-400As. Those having a need on 5BDXCC will be given a good shot at times. Remember, Chris will need to take care of his normal duties before playing radio.

No CE0AA QSL yet, try Bx 13630...W4HHB/5N3 via KI4JG...ZK1XK S. Cook via WB2CVL...K8CRM/KH3 via CBA...W6DMJ/KH3 via WB6UBR. FT8XB via Bx 83, Argenteuil 95103, France.. XZ2AN heard 1300Z Sat/Sun 14205...5N8FOC via G3TXF(cw)...ET3BI via Slim...ZK1XE N. Cook via WB6GFJ, listen 0300Z, 14188,... Mariana Is on BS Net via K7ZA...ZC4MR via G4SDJ...OX3XB via HB9APJ...ET3PS no good. Jim Smith back to Heard again soon...XU1SS was last heard 25 May 85 and is reported to be ready to start operation full bore vey soon... HS0IYY via JA8ATG, Tsuneo Hara, 1-10 Sakaecho Yakumo, Yamakoshi Hokkaido, Japan 049-31

### Membership & Correspondence address

Gary Bader KD4RH  
2326 Marett Blvd.  
Rock Hill, S.C. 29730

### SAO TOME

For those that did manage to contact Luis, S92LB thru the ruckus on 14183, he has sent a copy of his permit to operate to Don Search via CT4NH. His own license is good til 87 and the station license til 90, Turn up the wick and go for it.

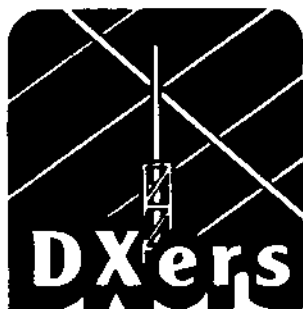

INDEXA has worked for many months to assist 2 PYs on a DXpedition for 10/14 days operating split 95% on both SSB and CW. The President of Sao Tome has given written permission to apply for the license, which is being done now. The main purpose of the trip is to allow a more orderly operation to lower the need quickly. A target date of Nov 85 is planned and when the license is in hand, then we will start looking for the green stamps to carry it out. This venture was started in Oct 84.

### PETER I Island

Per JALHHL, a ship will be in the area in Sept which will drop JFI1ST in a rubber raft to go ashore and op for 24 hours....

IRCs... 30/\$10:00 via KD4RH, send sase pse

Dates on the remaining two dinner/meetings along with other info in the Sept issue.
