K4MQG GOES TO HONG KONG

During the week of March 4, my XYL Carol, KA4WUR, and I had the opportunity to travel to Hong Kong (VS6) with a side trip to Macau (XX9) and China (BY). Even though the trip was not really a DXpedition I did have the opportunity to operate the beautiful station VS6DX which is owned by Ed Nance, K4DXN. Operation was limited to about one hour on Saturday morning (East Coast time), March 10 on 20 meter SSB. About 100 East Coast stations were contacted, and about 15 were CDXA members. Ed's antenna is a TH6on top of the 47-story apartment building.

I had hoped to operate 80 meters to give out zone 26 to some of the DXers that still need it but Ed's QTH was not equipped with antennae for 80 or 40. One of the disappointing points of the trip was that I was not able to meet Paul VS6DO and Phil VS6CT both of whom I know well over the air. We had several telephone QSOs but coordinating our meeting schedule proved to be impossible.

The trip involved many tours of the entire country of Hong Kong, Macau and one day into BY land.

From The Editor's Desk

We continue to improve the Packet Cluster system with the addition of the latest versions of software. We will publish a short list of all the commands in next month's *Pileup* along with instructions on how to get a complete new user manual.

We are now starting the long overdue upgrade of the 147.18 repeater system. A new Super Stationmaster antenna has been added and an amplifier and pre-amp are being prepared for installation. While we do not expect a great increase in the coverage area, these changes should fill in some of the weak spots.

I hope everyone who attended the party for Victor on April 18 and the Branding Iron had a good time. We don't know how lucky we are until we hear about the problems of citizens of other countries.

The highlight of this issue of your News Letter is the Annual Members list. This issue should be saved for future reference.

(Hong Kong Continues)

I was impressed with the friendliness of the VS6 people and in general the cleanliness of the city. The common people there appear to take care of their homes, streets, etc. and do not litter and destroy property as we often see here.

During our trip into China (BY) we had the opportunity to have lunch at a Chinese tourist resort just south of Canton. When the Chinese cook, they literally put "everything" in the meal. All parts of the chicken, shrimp, etc. are included. If you like Chinese food here you might not like the "real thing" over there.

There is a concern by the people in Hong Kong about what will happen in 1997 when the British relinquish control over the country and it is returned to the Chinese. One thing that appears certain is that there will be a new deleted DXCC country.
